

Module 2 - Overview of Assistive Technology

Module Summary Activity

Before completing this summary, go to

https://youtu.be/lcUNnnwFm4g?list=PLMe9zDtTPTVe62Gb6b9Dkk_IPBUTGQHoD to watch a video about Mason and the technology he uses in school.

1. After watching the video about Mason, list some of the assistive technologies that you saw him using.
2. Describe how Mason's assistive technology supports his learning and independence.
3. What are the main categories of assistive technology you are likely to encounter in the schools?
4. Look around your school and list some of the assistive technologies you see being used by students – briefly describe what the student uses the technology to do in his/her program.
